Lighthouses: Grayscale Photo Coloring Book For Adults

Synopsis

What is grayscale coloring? Simply put, it is an easy and amazing way to add professional shading to your coloring, without having to add the shade yourself! The complex gray tones add variance and depth to your art, taking your adult coloring to the next level, resulting in pictures you'll be proud to share. Includes 24 gorgeous designs Printed on one side only Full size (8.5"x 11"), pure white 60lb. paper View our YouTube video showing all pages at: youtu.be/kHG1kkwCmYA (copy and paste the link into your web browser)

All bundled up in one convenient PDF file to download and print at your leisure. Visit our site and download your copy. MajesticColoring.com

This was a gift and I am unsure if it was well-received! I may have insulted the receiver. Not sure yet. It looks like fun. My only complaints are that some comment should be included about coloring greyscale pictures, about shading, etc. also would be nice to know locations of various lighthouses.

I used it as a test for using multi media, and blending types. I learned alot, from the gray scale

photo's, pencil do better in the white spots, markers do the best in the light and dark gray areas!!!!!!

This is a beautiful book. I love lighthouses so when I saw this coloring book I just had to have it. And I love coloring grayscale. If you love grayscale coloring, I highly recommend this book. The pictures are awesome!!!!

I'm personally not wild about the grays. It was difficult to use colored pencil. I did have some success with pastel chalks.

love the book! could be printed on better paper

i thought it would be more my coloring but instead the shadowing overtakes the pics and i don't like it

Do not buy this book if you're using coloring pencils. It has gorgeous pictures but pencils do not lay down on the paper well at all. I've tried 2x. I am setting it aside until I have markers.

very dark....there would be no way for true colors to stand out and cover the dark gray.
