Letters To Josep: An Introduction To Judaism

Synopsis

"You are about to embark on something more than a book. You are about to participate in a quest for friendship, understanding and love, beyond languages, religion, and borders..."--from Josep's Foreword
It began as an extraordinary correspondence across the Mediterranean. Josep, a secular Catholic from Barcelona, wanted to learn about Daniella's life as an American-Israeli Orthodox Jew. Her enthusiastic response to his curiosity resulted in this collection of entertaining and enlightening letters. With nuance, candor, and warmth—and a liberal dash of humor—Daniella paints a vivid picture of observant Jewish life. She explains complex concepts in a manner so unassuming and accessible that even the most uninitiated can relate—but with enough depth that the knowledgeable will find new insight, too. Whether you're a curious non-Jew or a Jew hoping to expand your knowledge, Letters to Josep will charm, inform, and inspire you.

Customer Reviews

I thought I knew a lot about my Jewish religion having grown up within the faith and continuing to be an active participant in my Jewish community. I was curious though what an introductory book about

Judaism would say. To my surprise and delight, I learned a lot. In each chapter Daniella Levy tackles a different area of what it is to do Jewish: how and why Jews observe a weekly day of rest, family and spiritual endeavors; the rules of keeping Kosher, several of which I'd never heard of before; the holidays and their meanings as well as their ritual practices; , prayer, and more. In each chapter, Levy sprinkles gentle humor plus insightful pithy, wisdom comments to convey easily and yet in depth the essence of being and doing Jewish. By the end, my own sense of what it means to be and to do Jewish felt clarified and justified. Bravo Daniella Levy on a brilliant contribution, a short book that every Jew should read, as well as every non-Jew who wants an insiders' glimpse into what Jewish is about.

Before I picked up "Letters to Josep", I knew very little about Judaism. How do you form a complete understanding of a culture that has not only been around for thousands of years, but also has such a tumultuous history? Levi makes the complex and rich traditions completely approachable, a pleasure to read. The conversational tone she strikes is friendly and put me at ease, but at the same time her faith in and love of her roots shines through. She is just as honest about the flaws of the Jewish tradition as she is about its glories.

Imagine you're a young, attractive, Orthodox Israeli journalist and during a visit to Spain you meet a tall, handsome descendant of the Conversos or New Christians, Spanish Jews who were forced to convert to Catholicism during the 14th & 15th centuries rather than being tortured to death. This man, Josep confides to you that he has never met a Jewish person before but is fascinated by all things Jewish. Let the intrigue begin. This is a love story not a story of romance or fiction but of a shared, unbroken connection through the centuries, Judaism. Daniella is the teacher. Josep is the student. They correspond, first through letters, then eventually through email. Eventually she marries an Israeli American, has 3 sons, but the lessons continue over the years. A book is born. This is a book of lessons; lessons in Judaism expressed with enlightenment, sensitivity, humor, perplexity and love. Whether you are Jewish, Christian or any other religion, let the learning begin.

Hands-down, the most informative, up-to-date, light-hearted and uplifting book on Jews and Judaism I have ever read. And I have read quite a few.

Love this book. Its deep and fun at the same time. Perfect for anyone wanting to learn about or

understand Orthodox Jews and Judaism.

She is such a talented writer!

Not exactly what I expected.

I really enjoyed this book. Not only because I feel strongly related to that lazy-crazy-Catalan character of Josep (by the way, he looks pretty real to me!), but because it is SO engaging. Daniella writing is full of details and wit. You cannot stop smiling, even though when she is talking about terror attacks at his town and against their neighbors. The book is about two friends that live in opposite sides of the Mediterranean and have two different backgrounds, but despite that, they establish a friendship that lasts for years, and discuss many topics, mainly related to Josep's interests in Judaism, from a Catholic and secular point of view. It is a well written book, full of wit, sarcasm, history, love, intrigue and describes a lovely friendship between two people of a totally different background. Please make my words: You will not regret buying this book.
