Melanie Etherington lives on Antigua and has produced and published many visitor-related magazines for various regional tourist boards, hotel associations, and airlines serving the island.

If I could travel with only one guidebook on Antigua and Barbuda, this would be the one. The author covers activities from the frivolous to the serious; from nightlife, Carnival, and Sailing Week to environmental awareness, and the local humane society. In addition to the breath of topics covered, the author has done an outstanding job in capturing the flavor of the island in photography, commendable consideration given to the inclusion of many locals in context and throughout the contents. As one who spent most of my formative years in Antigua before leaving 35 years ago, this book has brought back many old memories of traditional customs - Cricket p75, and Long Ghost p88; as well as introduced new activities I was unaware of such as Ballooning p82 and motor racing

p144. Over the past 15 years my family and I have made more than 10 visits to Antigua, I was unaware of motor racing or that horse racing was still a big activity on Antigua. (We have not made it to Barbuda as yet). If limited buying only one travel guide on Antigua and Barbuda, this one stands out, there is something for everyone.

Very informative. Great pictures.

ANTIGUA - This is the book to review.

The book, The Antigua and Barbuda Companion, arrived quickly and in great shape. I was very pleased with the service.
