National Geographic Traveler: Prague And The Czech Republic, 2nd Edition (National Geographic Traveler Prague & The Czech Republic)

Synopsis

In response to the modern vacationer's interest in more meaningful journeys, we have relaunched the acclaimed National Geographic Traveler guidebook series to embrace experiential travel—•with emphasis on soft adventure and hands-on involvement in local life and culture. This guide to beautiful Prague and the Czech Republic is chock full of attractive new features to make your trip uniquely memorable: Insider tips from National Geographic and local experts reveal favorite little-known sites and events. Capturing Prague's enchantment —•its lavish palaces and baroque churches, street musicians and Old World cafÃ©s —•and the beauty of the Czech Republic's countryside, the National Geographic Traveler: Prague & the Czech Republic is the perfect travel companion.

Customer Reviews

Stephen Brook first visited Prague in the mid-1980s, and it was one of the central European cities featured in his book *The Double Eagle* (1988). When he returned in 1991, the days of Communist rule were over and the city was enjoying a new lease on life, as reflected in his next book about the city, *Prague* (1992). Brook grew up in London, studied at Cambridge, and worked as a publisher's editor in the United States and in London before becoming a full-time writer in 1982. Since then he has written 30 books on a wide range of subjects, including travel, wine, opera, dreams, and infidelity. He has also contributed numerous articles to *Vogue*, *The Times*, the *Cigar Aficionado*, *CondÃ© Nast Traveller*, *Decanter*, and other publications.

I bought this book for my mother and grandmother who will be visiting us in Prague this summer. They both are avid readers and travelers. They could not say enough great things about this book. Although the city is small, there is so much to do and see here. So many things off the beaten path. This book allows you to understand each attraction and its history, so you can get an experience tailored to your wants and needs! This book is so good, when we would post pictures they were able to sort out where we were. I think they know more about Prague and the CZ than we do, all because of this book. :) I highly recommend this book to anyone who is planning to travel to this beautiful city.

The only problem is the weight of the book, the kind of paper used. This book is very heavy. I like very much the National Geographic guides. I've used them to Amsterdam, Lisbon, Paris and New York, in Portuguese and they aren't so hefty. I looked for them to Vienna and Prague, but I didn't have it, unluckily. The item: "A walk around ..." is fantastic!!!! I recommend these guides to everyone. They are the best guides I know! (Sorry for my English).

I collect these books from all the places we travel. I also have a few from places I would like to visit. They are beautiful and don't go out of date quickly since they don't list prices and so forth. They do not travel with me however, as they are heavier than some because of the paper stock used and also I don't want to mess them up in a backpack or camera bag. I enjoy the "insider tips" throughout the book.

I like this book, especially the color photos. Don't agree with all the sites that are deemed "not to miss" and is missing some good areas. However, the book is informative and covers most sites.

Excellent for preparation for travel. Beautiful pictures. Worthwhile tips.

Brought back wonderful memories - photography is wonderful.

Well written book with lots of information on the rest of the Czech Republic, not just Prague. Helped us plan an itinerary.

Not very useful for planning an itinerary through the Czech Republic. It clearly focuses on Prague

and only has very superficial info about the rest of the country.
