Destiny Of The Sands (Secret Of The Sands Series Book 2)

Synopsis

Destiny of the Sands...the thrilling sequel to Secret of the Sands...The Great Sphinx of Giza has guarded a secret, both dangerous and incredible, for 12,000 years. Now deadly enemies emerge, and those involved must face startling truths and deep sorrow, in the fight against the forces of tyranny...Some secrets cannot remain hidden...and some cannot be forgiven...Destiny of the Sands continues the archaeological mystery tale of Secret of the Sands, taking the characters you've come to know and love on a darker, and far more perilous journey. Mitch and Alex, our young Egyptologists, along with their friends, Jack and Bob, are mysteriously called back to Egypt, just as a sinister enemy surfaces. Dark forces are on the hunt for the priceless, yet deadly ancient artifact Mitch and Alex unearthed eighteen months ago below the Great Sphinx of Giza. This powerful technological device, which had remained hidden for over 12,000 years, thrusts our friends into a fight for survival as they are outmatched and outgunned by a hostile adversary that knows exactly how to get to them. In the past, we see embattled King Traeus rocked by a devastating secret that has been revealed. This secret will change his life forever. Deadly threats emerge, spurred on by this shocking secret. Now there are no lines that will not be crossed in a terrible fight for power and in the name of vengeance. In both the present and the past, a secret that has been carefully guarded emerges, and nothing will ever be the same again. "High adventure, past and present, merge into a multi-leveled tale of epic proportions in this triumphant sequel to the best-selling novel, Secret Of The Sands!" - Gary Val Tenuta, author of Ash: Return Of The Beast and The Ezekiel Code

The Continuation of a Journey...That began in Secret of the Sands, must now be resumed. Events have been triggered, difficult decisions were made. Time and fate lead those we have come to know down ever more dark and harrowing paths towards an inescapable destiny...A Dangerous Enemy...Surfaces with the intent to chart a new, terrifying, and deadly course of action. An enemy filled with greed and malice, who possessed no boundaries of morality, strikes. No one and nothing is safe, no matter how precious, how valuable, or how innocent. A Secret Once Buried...Is hunted for profit and pride as an ancient prophecy finally reveals itself, along with the startling truths it holds. Lives will be changed forever, for what was done, can never be undone. A terrible price will be paid for the secrets of the past. A Past that Cannot Be Denied...Continues to haunt, threatening to destroy any hope of a future without sorrow, pain and regret. Consumed by the mistakes of the past, possessed by hatred and a desire for revenge, enemies lash out. What was guarded for so long may be forfeit.*****The genres Destiny of the Sands encompasses are mystery, suspense, archaeology adventure, and alternate historical fiction, combined with an element of speculative sci-fi. The story revolves around the Great Sphinx of Giza and alternate

theories about its age and origins. Like Secret of the Sands, the novel weaves a new (fictional) chapter into ancient Egyptian history with an explanation for the true origin and purpose of the mysterious and enigmatic Great Sphinx.

I always enjoy stories about ancient Egypt. It has been lifelong dream to see all these things firsthand. The story has a good plot which seems to be possible, unlike other books I've read. I enjoyed the relationships between the two main characters and also their sidekicks, which almost sound like a married couple constantly bickering, but not seriously. I'd like to see more.....

While I thoroughly enjoyed the first book, and looked forward to the second book, the writing style of this book makes this an unenjoyable experience in reading for me. Does not have traditional paragraph style - something about the whole printing puts me off. This is not going to be a "can't put

the book down" experience for me, whereas the first book was. I won't be finishing this book any time soon.

Thought provoking, full of suspense, with unforeseen twists and plots... these books have kept me on the edge of my seat. I can't wait to read the third book. I love the twist on history adding mystery and magic to already alluring and fantastic times and places through history. The change from modern Egypt to ancient Egypt ties it together printing a coherent picture yet providing two interestingly different stories.

Great book and I look forward to reading more from these two authors. I had read Secret of the Sands more than a year ago and really enjoyed the book. Destiny of the Sands was very good, it through me off at first with it jump from the past to the present throughout the book.

I remember reading the first book and enjoyed enough that I was looking forward to the second, the story starts off well but gets bogged down in the mundane day to day, until half way through I closed it and started another book, sorry Rai, I was looking forward to this, but the gap between the interesting was too long.

This is one of the best possible sequels to secret of the sands. It does a great job of linking what is going on in the present to what is going on in Circa 10,000 B.C. This book also includes one very shocking secret about the Kierani within the last 10 or so pages of the book.

I thoroughly enjoyed the first novel (Secret of the Sands) and eagerly awaited the sequel. It didn't disappoint. Just like the first book it was fast paced and a real page turner. I appreciated the humor in the characters. I definitely wanted the story to go on.

This was the follow up book to Secret of the Sands and I had been waiting years for this to be released. Well worth the wait. Fun and action packed. Editing was much better then the first book.
