While the map is very handy for Rhode Island in general, I bought this specifically for the street map of Newport. As it is listed in the product name, I was expecting a usable map of Newport. In actuality, the portion showing Newport is small and the street names are small and run into one another, making it unreadable. If I was to use it to try to navigate the streets in Newport it would definitely not be possible.

Ideal for Rhode Island travel. Would recommend for everyone visiting RI. The print is clear and detail is great. Love it

nice map

The map to Providence met our expectations. It was very helpful in navigating the city when our GPS was not finding a signal.
