Book by Parker, Bob

Some of the pages had been torn out. I know it was "used" but I expected the book to be complete.

The small size of this book makes it perfect as a take along guide when you hit the conventions, flea markets and toy shows. My copy is all bent and folded, since I love to take it out and prove those lousy scalpers and ripoff dealers wrong. When they try to tell me that the car they have for sale is so "rare" and hard to find, that I should give them my right arm for the HotWheel. I pull out this book, and show them the TRUTH! The look on the idiots faces is worth 100 times the price of this book! I can hardly wait for the next edition, which is due to be printed any day now. Thanks for being a true collector Bob.

Perhaps the typos should have warned me...This book is a decent primer for those who know little about Hot Wheels. But if you are an avid collector looking for reliable pricing, this is not the book for you. The photos are great, but the book falls short of being comprehensive.

THIS BOOK IS OFF ON PRICE VALUES AND VERY INCOPLETE ON EACH VARIATION NOT A GOOD GUIDE AT ALL I WISH I DIDN'T BUY IT
