Fight: Winning The Battles That Matter Most

Synopsis

Author and pastor Craig Groeschel helps you uncover who you really are—*a* man created in the image of God with a warrior's heart—and how to fight the good fight for what's right. You will find the strength to fight the battles you know you need to fight—the ones that determine the state of your heart, the quality of your marriage, and the spiritual health of your family. *It* Craig will also look at examples from the Bible, including our good buddy Samson. *Yep*, the dude with the rippling biceps and hippie hair and a thing for Delilah. *You* may be surprised how much we have in common with this guy. *By* looking at his life, you'll learn how to defeat the demons that make strong men weak. *You* will become who God made you to be: *A* man who knows how to fight for what's right. *And don't* you dare show up for this fight unarmed. Learn how to fight with faith, with prayer, and with the Word of God. *It's* time to fight like a man. For God's Sake, FIGHT.

I'm a big fan of Craig Groeschel and in "Fight" he delivers a knockout book on how men can fight

the good fight and be strong men of God. By intermixing personal stories with the biblical tale of Sampson he illustrates some strong principles of what real strength is and how men can overcome the pitfalls in life that drag many of us down. What i enjoy most about his writing is that you can almost hear his personal "voice" and you read. He has a clear and distinctive writing style that is both honest and funny. If you are looking for encouragement in the proper ways to walk through life as strong, man of God, this is a great read. Five stars for strong writing that hits home.

Before you read this you need to understand Craig Groeschel. He wrote this book with the same down to earth, straight to the point, and sometimes using cheesy jokes as he does in his sermons. I would move on if you are the stuck up Pharisees type church member that refuses to bend to contemporary styles of preaching and believes a man must be perfect to be called to lead a congregation. This book (IMO) deals with allot of the problems in today's society. It is not a "sexist" or "chauvinist" book by any means. It is just a book written for men by a man of God. It is a man's job to be the spiritual leader of his house. To keep it short. He follows biblical teachings and holds nothing back as he does in his sermons. This book is down to earth and written plainly for everyone. I would buy CS Lewis if you are looking for that type of writing. I am giving it 5 stars because I believe Pastor Craig is sincere in his calling and is truly doing God's will with his church.

A good book that hits home with every man taken from the life of Samson. I love how the author can take a story that happened thousands of years ago and relate it to today...times have changed but the principles remain the same...I highly recommend this book to every man

When I bought Fight, I knew it was a book written for men, but I purchased and read it anyway! Don't pass this book up if you're a man, but I would have to say the same for women! Keeping with the male focus, the book does identify specific struggles men encounter. Lust, entitlement and pride; Craig uses these encounters to empower, warn, and encourage men to fight for their faith and their families. Fight uses the story of Samson from the bible as a roadmap to guide us through our own strengths and weaknesses. I found myself identifying with some of the weaknesses of Samson. Predominantly the idea that once I have my mind made up, there is no going back. Why do we do this to ourselves? We don't just all of a sudden sin. It is done in very small steps. Over time these steps will eventually end up at the desired location that the devil leads us to, unless we can identify where it leads and have the courage to stand up and Fight our own evil nature and turn around. Even when we do fall short, as

with Samson, we find our way back to God and then how far his mercy and grace can transform us. I would purchase this book as a gift for young men that are going off to college or even men that are getting married. Great gift, great read.

I was surprised that I enjoyed this book. It's written for men (not the content ladies, it's for you too), in that it's short bits that allows us some thinking time and napping time before the next section. It was applicable to the men I mentor and disciple (and me!) and the issues we all face and more importantly applied the scriptures of the story of Samson for real life use. I enjoyed the short format and the too the point writing. More on why I was surprised. When the book was given to me (by our mens group at church). It had two strikes against it; #1 The Title - which goes against the teaching of persevering and standing firm. Strike #2 - the author - popular new style writer. I know that sounds bad but I have been left wanting many times by some of the fluff that comes out by the most popular selling authors. Why waste your time digging for a couple of nuggets in fluff when you can have the whole treasure in the Word. I would rather see people reading the Life Application or Life Recovery Bibles in community than throwing dollars at hope books that provide a temporary high. I recommend this book in a small group study, even if that small group is you brother, with your wife.

You cannot beat the writing style of Groeschel. This book was so easy to walk through with our Men's small group. We loved his humorous writing style, direct challenges and most specifically, his biblically based expectations of men. Every guy in our group, which includes two non-believers, found this book helpful, supporting, and challenging to not just our marriages, but to our man hood on a whole. I have recommended this to many people as well as given mine away to someone else to read...its that good.

Good book for a Men's Group. Videos easily accessible on You Tube!

This is just the latest book that I have read from Craig Groeschel. His transparency in his writing and in his life "Keep it Real" to me. He shares what God has called us to do as men. There are no excuses, just knowledge that we are in a fight daily for our families, our world, and most of all our faith. As we seek to be more like Christ and answer the call to be Men of God, Craig shares his struggles, and his victories. I love it when a respected man of God meets me at my level and encourages me to please God ahead of any man.
