Customer Reviews

Very pleased with the condition of this item, not to mention the unbelievable low price. Just what I was looking for. Well done and thank you.

Very informative well laid out but should have been in color for extra detail and better identification of different items

It was ok but you have to watch what you buy

excellent, outstanding !!!!

I think Chris Ailsby's book is okay for a basic primer but inaccuracies and lack of detail mar what otherwise could have been a ground-breaking volume on this subject. It is simply just pedestrian fare.

A nice book for the beginners, gives limited but still worthy information about medals and Orders of the satellite states of Germany.
