Lost Books Of The Bible And The Forgotten Books Of Eden

Synopsis

Though apocryphal in nature, these books--suppressed by the Church Fathers--are fascinating and beautifully written. Here you can read for yourself many of the manuscripts which were excluded from the Canon of Scripture, and discover new appreciation for those which were chosen. Now in tradepaper!

Customer Reviews

It was not what I expected. I thought it would conflict with the Holy Scriptures but it does not. It actually backs up the scripture and gives the back story. I do not understand why these books were left out but they should be part of the bible. With this addition to your study you will understand more of God's love and plan for mankind from the very beginning. These books are to be treasured just as the scripture.

this book is pretty much a historical manuscript. If you are a hard corps, charismatic, bible thumping, "if it ain't in the king james version of the Bible!" person.. this book IS NOT for you. If you truly want to study the Bible in a historical context with an understanding of the characters events and themes from a scholars prospective this book would make a good resource to your library

This book exceeded my expectations. There was more unknown history of biblical figures, both known and some unknown. The Books of Nicodemus and Barnabus, included in this work, give an

insight not found in regular Bibles. The book of Paul and Thecla offers a physical description of St. Paul that cannot be found in regular Bibles, either. For those interested in expanding their knowledge of the Bible and the New Testament, 'The Lost Books of the Bible and Forgotten Books of Eden' is very suitable for your library, and worth your time reading.

This is a convenient, inexpensive edition containing a well-chosen compact selection of alt books for anyone interested in this topic. The collection is also notable for the translations being arranged into chapters and verses and rendered in the KJV style. The translations were done by a leading biblical scholar of the early 20th century. Recommended.

item is as described. updated version of an older one I have

Very good book.

I consider myself a forever student. When I recently began to question so much of what was drilled into me through out my religious education, I was directed to the variety of 'lost books' books. I'm just in the first 75 pages of this, yet have already found it a wealth of information. I highly recommend to anyone studying or interested in theological study. I'm not even a Christian anymore and I find this very interesting.

This was a gift
