FEATURES24 colors on 12 double sided quality colored pencils - certified non-toxicConvenient pencil sharpener - to keep those tips sharp for coloring tiny spacesBuilt-in storage cases for pencils and sharpener48 top-bound detachable coloring pages, easy to frame, or share at coloring partiesProtective inlay card - acts as a tablet, protecting the sheets beneath from any marks or indents. Just slip it underneath the sheet you're coloringTop-bound coloring pad, perfect for both right & left handed artistsSingle-sided printing on high quality paper

It's neat that they include pencils with these books, and they are hard-backed. They are more for beginners and/or children. They are well put together and have easily removable pages, along with the pencils and hard cover.

Great combination for a gift since all in one. Didn't have to buy them separately. Hi quality paper. Would have preferred 24 individual pencils rather than colors on both ends, but nice enough. Beautiful designs for an adult. Looks relaxing. Got as a gift, so haven't used myself, but would welcome it as a gift for me too!

I send these often as gifts for friends and also for customers on my blog. They're super affordable and come with the pencils which is a huge bonus, especially for only \$6 shipped! Everyone that has received these have been very happy with their gift!

Rest your mind, if you like to calm your mind and declutter your thoughts, this is great. Compact, I just carry in my car and when bored, drag it out and pretend I'm an artist, lol!

Gave this as a gift and they love it. Convenient having the pencils come with the book.

Great little set. It's very relaxing. There's a nice insert that folds out from the cover and goes under the page you're coloring on so there's no worry about marking other pages.

I like the coloring book, purchased it as a gift. Gave it 4 stars because of false advertisement. It claims to have 24 color pencils in the title, but received 12. And no, they are not double tip.

Adults, pull up your lap table, and pull out your coloring book! I have my leg in a cast and got tired of just crocheting and playing electronic games, so that's just what I did! This book comes with its own pencils that have a different color at each end AND a pencil sharpener AND a good board to put between each page. You'll need that board because these are the pencils you dip into water to get a really dark vibrant color. I have never used them before, but they are great! No more boring light colors. With my leg in a cast for 3 more weeks, I just watch TV AND color! This "author" has more to choose from, but I'm a symmetrical type person, not one for pictures. You can find more like these or others. Just click here for this one, and start jumping around similar ones for fun! Or click on the one
