Age Range: 11 - 14 years

Grade Level: 6 - 9

Customer Reviews

Don't buy this unless you buy the book that goes with it. It's pretty useless for a beginner because you have absolutely no idea what they are saying

Fairly straightforward and works with the textbook. Good for pronunciation and audio was clear and slow enough for beginners to follow.

Great Latin course! Easy and fun to read and learn. Highly recommend!

Excellent recording of selections of the latin text from the student textbook. Great for learning the pronunciation. I only gave 4 stars because there is neither enough time between each sentence to repeat the latin back, nor can you easily listen repeatedly to one sentence.That said, definately a valuable resource if you need to learn the pronunciation.

I am using this audio to teach myself Latin. I learn best by listening to the words and sentences in Latin to learn correct pronunciation and for memory retention. Great teaching aid for the self learner.

Contents good but does not cover all of the written material in the corresponding book. Would be helpful if comments on Latin pronunciation were included.JHP

Model sentences and some of the brief stories are read aloud with minimal dramatic sound-effects to reinforce aspects of the context. Helpful for to hear model pronunciation

Really enjoy using it. More than I expected.
