As a collector of U.S. coins I find this book very valuable in determining an annual estimated cost of coins from prior years. I have purchase this product for a number of years now and the coin values shown seem relatively accurate with current values. I will be purchasing the 2018.

if you want to know what a dealer is likely to give you for your coins. Many prices have changed since I bought the 2014 edition, same good reference in general.

It is the updated guidebook used by all coin collectors. Nice binding, clear printing, as always.

"United States Coins" (blue book) is a must have for all serious collectors of U.S. coins. Perfect for a gift.

Very Good Handbook to Organize my containers of U.S. Coins ! Thanks, Joe

The best....Thanks...AAAAA+++++

very informative. Good to have it, just in case...Terry

getting knowledge from many source always helps the learning process
