San Juan Islands Cruising Atlas

Synopsis

This atlas is a must have; for cruising the San Juan Islands. It contains reproductions of large-scale NOAA charts of the San Juan Islands plus overview charts of the Gulf Islands and major gateways to the San Juan Islands. A Safety Chart of both San Juan and Gulf islands indicates hazardous areas for boaters. Instructions are provided for navigating some of these problem areas. Aerial photos of selected bays, harbors, passages and channels give an important added perspective for navigating the San Juan and Gulf Islands, and an index of over 200 locations helps boaters easily locate their destinations.

Customer Reviews

I moor my boat at Cap Sante Marina, Anacortes, WA, just minutes from the San Juan Islands. So I use my Evergreen Atlas a lot. Paul Hamstra did a good job producing it. It's accurate. It's easy to use. It's well worth the price. Wayne Heinz, author of, "How to Catch Salmon, Sturgeon, Lingcod, Rockfish, and Halibut Along the Pacific Coast: Fish On!"

This atlas was an indispensable tool for our first time adventure cruising the San Juans. More convenient than a large, full sized chart. This is going to be an annual trip for us. (with this atlas.) Greg Kanne
