Love Michelin maps, this one is no exception. Great detail, scenic routes and sights. Perfect support for a road trip using a GPS or not.

Great maps!

Nothing like a Michelin map.

It's a map

We never got lost! Sure beats what you see on a tiny PDA!

Excelent map

Map had most of the small towns, although could not find all the small towns that the pilgrimage to Santiago de Compostela indicates. So the negative is that all towns not listed and that I should have gotten a map that encompasses the entire northern half of Spain so I could plot them. Also positive is that I will be staying in a village in this area and the information on France and Andorra is important.
