Customer Reviews

Queen of Angel Therapy Daily Mail

Doreen Virtue holds B.A., M.A., and Ph.D. degrees in counseling psychology, and is a lifelong clairvoyant who works with the angelic realm. She's the author of Archangels & Ascended Masters and Healing with the Angels, among other works. Doreen has appeared on Oprah, The View, Good Morning America, CNN, and other programs; she presents workshops around the world; and she also has a weekly call-in talk show on HayHouseRadio.comÂ®.

Ok so I am not a Doreen Virtue fan. Truthfully, I find her books and oracle decks to be the most superficially of the metaphysical, spiritual and new aged community. She makes the mistake of

thinking you can say love and light and suddenly all of your problems will go away or that somehow, calling on Archangel Michael will instantly solve a problem. So I went into this purchase with very low expectations at best but the price was so low that I figured it can't hurt. So you're probably wondering why I gave this deck 5 stars. I wanted a deck that could be used for romantic love. I find a lot of love decks focus on the concept of love overall such as family or friendship. I wanted to do readings for people who are looking to heal their intimate and romantic relationships or who are looking to find love. This deck definitely does that. It has a wide range of themes that are all about love as in a partner you would have sex with. I find the messages to be clear for the most part and I don't feel like I want to vomit from the love and light overload. I also find that there are some strong messages in there as well like moving on from a relationship or being aware of someone who has malicious intent. That surprised me to see cards that were considered negative which I rarely see in her decks. I do have a few of her decks and believe me when I say I have been disappointed time and time again. But this one left me pleasantly surprised and even has me rethinking some of her work that I didn't even bother to consider.

These cards have provided so much guidance and support to my readings since I got them. The messages are always reassuring, but firm when they need to be. I love using them as clarifiers, but they also work great on their own. Love this deck!!!

This deck is beautiful and majestic to behold. There's gold on the edge of the cards, the cards are made of laminated sturdy cardboard, the images are romantic and beautiful with a prominence of dark pink, the font is lovely. They come in a sturdy and beautiful cardboard box with a little booklet that gives information on each card. Everything about them is beautiful, romantic and lovely. I did not find them to be accurate for me. Maybe due to the messages being so specific, leaving not much room for flexibility in varied situations. Such direct statements are prone to creating confusion between the rational mind and intuition. Not a deck I found to leave much room for intuition or flexibility, resulting in inaccurate readings. I gave them to my mother along with the Fairy deck from the same author which I also purchased and felt the same way about. My mother enjoys them very much. I won't be buying other Doreen Virtue decks for myself though they are very beautiful and some people benefit from them, just because it's not the divination style that speaks to me.

Love this deck and all Doreens others. THIS deck was spot on with every read immediately!! The edges do tear easily but eh, I use them often and they're sturdy

This is a very sweet and romantic deck, though not without its red flags and an awareness of the difficulties of love. I'm just learning to use oracle and tarot cards and I've found this to be a welcoming deck. I'm holding back one star because I think there's room for improvement as far as the art and graphic design goes, but that's just a matter of personal taste. It feels a little mismatched, but then, love can be that way.

I love this deck just got me another from Doreen lovely and accurate . The day I received it the night I dreamt of angels first time ever !!! I feel blessed . Was definitely a wow moment for me . I feel very connected to this deck . Now learning tarot and absolutely love her drcks

These cards have beautiful artwork but the meanings of these cards can easily give false positives, if you don't do a reading through spirit or angels also. The messages are also very general so I think that before using them on yourself or anyone else make sure you are getting your messages completed by how ever you connect. I use them on my clients to give me a general overview of issues at hand with their relationships but don't count on details with just using these cards. I also recommend using these as a supplement to other cards you use during a reading and it really completes a reading well. I have other Doreen Virtue decks and I love them and I keep getting many new ones that keep coming out, but I wish she made them smaller! I'm a female with hands on the smaller side and I enjoy more compact cards also.

love it
