Heroes (Eirik Book 2)

Synopsis

Heroes are not born. They rise out of love and duty. What if you have to choose? Book 2 of Eirik Trilogy continues the story of a god and a Mortal girl. Eirik wants nothing more than to show Celestia "the Witch who pulled him out of the darkness" that his feelings for her are real, but his parents expect him to avenge a wrong done to his family. To make matters worse, Celestia is moving on and is already dating another guy. Then Eirik discovers she is the key to accomplishing his goals. Caught between love and duty, Eirik will do whatever it takes, including getting up close and personal with Celestia, to get his way. Celestia is convinced she is drawn to Eirik because of the bond created by the dragon's kiss, so she pushes him away. But when he comes to her for help, she is once again thrust into his world, where things are never what they seem. From Earth to the realms of the gods, betrayal follows them and help comes from unexpected sources. But when the time comes for Eirik to choose, will he fulfill his duty or follow his heart? Everything rests on his shoulders as the wrong choice may lead to Celestia's worst fear "the rise of the Harbinger of Death. Keywords: Runes, dragons, shape-shifters, Norse mythology, gods, Fantasy, legends and mythology, New Adult, Dragon-shifters

Customer Reviews

This Book you guys! So much happened!In Demons, Eirik got an introduction into his mother's heritage, in Heroes, we see him adapting to it and living an actual life in Helheim. I love the interaction between him and his parents and how they are becoming a unique family. Seeing this new maternal side of Hel and her pride for Eirik is one of my favorite parts of this book.Celestia Adapting to her new knowledge and understanding of the world is amazing. Her discovering things about people she thought she knew and learning more about her own mother makes you care about her even more than in Demons!Eirik and Celestia's growing relationship is equally Dragon Fire hot and Witch magically adorable. I absolutely love their banter! I can't wait to see what is in store for them next.There is so much action in this book, finding a stopping point while reading it is nearly impossible. It is so exciting, fun and frankly addicting. I simply can not wait for Gods!

Heroes is the second book in Ednah Walters Runes companion series. Heroes is the second book that follows EirikÃ¢Â™s journey in order for him to fulfill his destiny. Ednah Walters has created another world for readers to dive into. Runes starts off this world, while this companion series literally takes us to a whole other world and fills our minds with plausible possibilities that there is more to our world than we can see. Heroes is a perfect example of her creative writing skills and abilities.Heroes follows Demons, the first book in the series. If the readers have read the Runes series (which isnÃ¢Â™t a must, but it is recommended), then they have already met Eirik. In Demons, we are introduced to Celestia, a young girl with extraordinary talents. Without revealing too much, Celestias talents lead to her meeting Eirik. This meeting is the catalyst that starts a series of events that span into the next book.Heroes starts a couple of months after Demons ends. Celestia is having a hard time processing all the events that happened to her while she was with Eirik. She wants to come out and talk to her friends about it, but is scared to say anything. In Heroes we learn so much more about the main plot. It is like the puzzle is finally falling into place. As the characters go on their journey, they learn more about the major situation that is bigger than all of them. I feel this book really brings all the characters closer together.Celestia is a very strong young woman. We watched her develop in the first book, but she continues developing in this book as well. I love watching her mature into a stronger and more fierce woman. She has fear, yet she portrays herself

as fearless and willing to do whatever is necessary to take care of those she loves and hold close. She is an admirable character. Eirik is also continually developing. As he is training to hone his skills better, he is also learning that while he might think he is doing the right thing, sometimes he needs to step outside the box and look at the situation from another angle. I love that he is mature enough to accept help and also do what is necessary to protect his family and loved ones. This book has a little more heat than the last book. This book shows the continually developing relationship between Eirik and Celestia. In the last book, I think all the readers were begging for more and Ednah did not disappoint. While they have a slow burning fire that is reaching new heights, it is an organic relationship that is developing in a way that truly represents both characters. I also just love hearing how sweet Eirik can be. He is a true book boyfriend. Overall, Heroes is a really good book. Readers should read Demons before coming close to this book as they will be confused, but I have no doubt that once they start Demons, they will be hooked. I would and have recommended this book to my friends and family. Ednah is such an amazing writer that it is hard to believe that she is an Indie author. When you read her books, she is often times better than many bestsellers that I have read. Great Job Ednah for writing another amazing book. I cannot wait to read the next.

I've said it before and I'll say it again, Ednah Walter is a genius!!! Ednah is such an amazing story teller, she just has a way with her words that draws you in and makes you apart of the story. Every book she's released I've fallen in love with and this new release is no exception. Right from the start I was pulled back into a magical world full of witches, demons, Valkyries & dragons. A world with amazing characters you'll feel a strong bond with, they become close friends you'll want to visit regularly. With an action packed storyline with twists and turns around every corner, betrayal and love, what more could you ask for?! I highly recommend this series to everyone looking for something fun and addictive. Trust me, you won't regret it. ^_^

OMG Ednah Walters continues the Journey with Eirik and Celestia that takes you to Hel and Back! This is Eirik and Celestia's second book in the trilogy which is part of the Runes story. Eirik who is a Norse God continues to search for his sister who was taken from her parents after her Birth. Celestia has decided to help Eirik in his quest along with some friends which brings them to several different realms throughout the story. Eirik and Celestia's relationship is complicated one, where they are both head over heals in love with each other, but what happens when an immortal loves a mortal. You will find out in this book! One of my favorite characters in this book is the Goddess Hel, she is such a complicated woman. A woman that one would think that we would despise as she

rules the realm of Hel. But she has such depth and so greatly written one can't help but fall in love with her. This book toys with all your emotions, I have said before that Ednah Takes you on a roller coaster ride when you read her books, well this is no different. As always there are jaw dropping twists and turns that no one saw coming, OMG I could go on forever, just buy the Book it's awesome!

Eirik has enough on his plate learning about his new home and living up to the expectations his parents have set for him. He knows he must find his sister, but he is unable to focus on her because of Celestia. He wants nothing to do with anyone and prefers to spend his time fighting or alone. Celestia is fighting a battle with herself between wanting to be with Eirik, and scared of what happens when they are together. She knows she was bitten by two dragons, unsure of who bit her first. She tries to protect herself and him by staying away, but is once again thrust into his world when he needs her help to find the orphans. Eirik and Celestia must find out who they can trust in order to achieve their goals and make it out alive! There is so much going on in this series, that it keeps the reader wanting more. There is not a moment that something new and exciting is not unfolding.
