Book by Addison Wesley

This book is being used in JrSr high schools, but it should also be used at 2nd grade, 3rd grade level. Should like to see more Addison Wesley products. I didn't not receive the CD that comes with it. The order description didn't say that it was not coming with the book. For this reason I'm giving 2 stars

Good exercises

what my nephew needed.

This practice workbook book is a good tool. I bought it for my kid to use and he said it was just what he needed.

I am very happy with this book. I use it for tutoring and it works very well with the textbook.

Okay workbook for introductory Spanish. Some translations are in the workbook which makes it not a great book for an immersion student. At the correct level for High School Spanish I and II.

Workbook was partially used but provided a great review for a junior high student, 60+ grandparents and/or anyone wanting to review, practice or learn more Spanish language skills.

Great conditions.. they look like new! only that half of the amount asked was obtained and had to wait for an answer a little longer than I expected :(
