Spectrum Test Practice, Grade 8

Synopsis

Practice makes perfect! That is the case with standardized tests too. Spectrum(R) Test Practice for Grade 8 includes comprehensive and "real" eighth grade practice tests for language arts and math that are Common Core aligned. Each test simulates the actual testing experience by including directions, examples, test questions, and a separate answer sheet with "bubbles" to be filled in for the answers. The online resources include language arts and math practice tests for your individual state's alignments. Answer key included. Reproducible. 160 pages.

Best Sellers Rank: #85,108 in Books (See Top 100 in Books) #17 in Books > Teens > Education & Reference > Study Aids > Test Preparation

Customer Reviews

Mostly a good test prep book but halfway through, we found three issues already. One page looks like it ran out of ink! One problem gave multiple choice options of E, F, F, or G. Another page had a problem with an impossible solution - multiple college educated adults said the answer was 40 minutes, but that was not one of the choices.

My children are all homeschooled and do not take regular tests. These were great for helping them prepare for the state required test. Get these not the other spectrum test prep. I did a search on the spectrum website to view the pages beforehand unsure what to buy, these were the ones to get.

While the practices are good, the company should have done a better job of proving answers. I see many answer keys that are obviously wrong, leading to kids confusion. For example page 114 question B the answer is given as C, but the question's choices are F, G, H, H

This type of book can be a helpful source. Yet, be careful with the answers provided.

This is a decent test prep book once you look past the errors.

thanks good review!

I really liked this. I got this for my son who will be getting his state testing done and he really likes it.

Seems to be a good review of the skills learned in 8th grade. Should be a good practice for standardized testing.
