Laird Of Shadows (MacDougall Legacy Book 1)

Synopsis

When darkness fallsâ | Only true love can save themâ |Beiste MacDougall has only just found himself as laird of his clan after a brutal attack from Vikings leaves his father slain. On the night of his sireâ™s death, a beautiful woman comes to his castle begging for help, calling upon a vow their clans had made years before. Though heâ™d rather wallow in his pain, Beiste is tempted by the lass, the secrets she holds, and the chance at retribution she brings. Lady Elle Camâ™bÃ©al is desperate to save her brother and her clan from the vile clutches of her Viking enemies. But there is only one man who can help her, a handsome, provocative laird with a beastly temper. When he locks her in a chamber, she is visited by an apparition, and left with a secret that changes her destiny. Elle must figure out a way to accept her fate, but also forge a future of her own choosing. As battles and treachery rain down upon them, Beiste and Elle find unlikely allies in each other, and a few stolen moments of passion that bring light from the shadowsâ |A much smaller, novella-length version of this story appeared originally in the Once Upon a Haunted Castle anthology. This extended version is twice the original size!

Enjoyable read. Strong characters. I liked the bit of supernatural that was added in. Looking forward to reading the next book in the series.

A well crafted tale of the land of my ancestors, Scotland, of love and destiny. Lots of unexpected twists and turns. Well done Eliza Knight!
