Customer Reviews

This book has recipes that were new to me with easy to find ingredients and understandable instructions. One pot simplicity will be a go-to book for busy days and pot luck get-togethers in my future.

I found this book to be one of the best! The recipes are easy to follow, use readily available ingredients, and there are choices for main entrees that will satisfy anyone, even vegetarians and dieters. The dessert recipes sound great too though I have not had an opportunity to use them yet.

No photographs of the dishes. I like to see what a meal is supposed to look like. Otherwise quite okay

This cook book has a lot of very good recipes , I've found it to be a good guide and I can add or take away to my liking.

Good book. I love one pot meals , and these are good ones.

These are easy and quick for my family

I've highlighted all but a few of these recipes. The recipes include the three main things I look for: healthy, easy, and delicious. Almost all use fresh vegetables.

Quick and easy to make meals that has flavor!
