## Customer Reviews

I discovered this series a few months ago and I'm not on book 4. I really love the character. These books are legal thrillers and I love them. I've read other books written by this author, also and like them.

Love this author. His books are very detailed, suspenseful and you want to continue reading through the night. Read all in the series and he won't disappoint.

This intro to Thddeus Murfee Is the first in a series, and it set the bar for the others. This is a thoroughly enjoyable story that introduces an enjoyable character.

I really enjoyed it and have read the next three. I expect to read all his works. I am a lawyer but can't get enough of this type of novel, my female partner turned me on to his works

John Ellsworth delivers another great legal thriller. This one sets up the story line of a young law school graduate who gets what appears to be a dream job right out of the box. Things are not as simple as they appear. Who is the good guy and who is the bad guy becomes a mystery and he has only been on the job for a week.

Another great read! I believe I have read all the Thaddeus Murfee books, and have thoroughly enjoyed every one! Mr. Ellsworth has become one of my very favorite authors.

This book was awesome. Spellbinding. It drew me into the characters the plots, the twists & turns. The authors research & information added to its authenticity. It brought the US legal system & espionage to life.... Well written... A must read highly recommend.

Thaddeus Murfee graduated near the top of his class in law school, but is clueless when he gets hired by the government to be a spy. His suit, tie, and polished wing tips can't hide his clodhoppers as he roars through life on his Vespa. Funny, topical, and current, this book was a lot of fun!
