Forever, My Homeland: The Final Book In The All My Love, Detrick Series

Synopsis

A group of Americans decides to tour Israel with their Synagogue. But unbeknownst to the other members of the Temple, one of the visitors has a secret that compels her to take this trip to her Jewish homeland in search of answers. Meanwhile, a group of radical Islamists plans to use the American visitors as a way to bend Israel's policy of never negotiating with terrorists. They will use any means necessary in order to free members of their group who are being held in Israeli prisons. However, in order to achieve their goal, the terrorists must contend with Elan Amsel a Mossad agent who has devoted his life to the survival of his beloved Israel. He believes that nothing can break him, that is, until the fate of two innocent girls is thrust into his hands. Forever, my Homeland, is the story of a country built on blood and determination. It is the tale of a strong and courageous people who don't have the luxury of backing down from any fight, because they live with the constant memory of the Shoah and in the back of their minds, there is always a soft voice that whispers "Never Again".

Customer Reviews

This book tied the other four together. Karan's ability to develop the characters so deeply really kep

me turning the pages. Also, her research is very impressive and I enjoyed learning about the history - even though I've read about Israel's history in other books. The book has so many aspects and I almost felt like I was reading about my relatives, although I have no Israeli relatives and sadly have never been there. I recommend starting with *All My Love, Detrick*, because it's the basis of the future characters. I really hope Roberta is writing Book six. There's so much more to say.

Loved this series. Did find some disturbing grammar and context errors. Story said they were on their way to Paris when they were hijacked to Entebbe but then in the next book it says they were on their way home from Paris when it happened. Editing was not very good. Also it jumps around some times so bad it is hard to keep track of people. Some things are rehashed over and over so much that this could have been cut to fewer books in the series. But I did like the story a lot.

I didn't want this series to end but I am so grateful to ROBERTA KAGAN for the hours she dedicated to giving us this story. It's amazing how the lives of the characters intertwined and there was never a dull moment. Perfect balance of narrative and descriptive writing to keep it moving. I'm looking forward to reading more of her novels.

I read the last two books in this series and loved them both. I enjoyed how the characters grew and passed through one another's lives. Much of the history I knew, as I too need to delve into Jewish history. That for me was a plus to learn how the characters coped with what life dealt them.

I read the whole series of these books in less than a week and learned a few things I did not know. My heart felt the love and I also shed more than a few tears. Never wanted the stories to end. I beg for another....we cannot let these people go. Very sad that Elan and Katja could never find their love together again!!

Two American teenaged girls are kidnapped in Israel. This book gives voice to the parents, even the Father who wasn't aware that he had a daughter. It also gives voice as well as how the kidnapping affected those doing the kidnapping, the man falsely accused of doing it and the guard who realized the man was innocent. These voices are needed to make all aware that there are many affected by the acts of a few. I highly recommend this book!

I have just finished reading the last book on this series. I enjoyed all of the books. The stories told

were so vivid it's like I was in the story line witnessing it before my eyes. I love the passion the author has for his homeland "Israel".

This is one of the best series I have ever read. It was well written and kept you wondering what is next. The Jewish people are true heroes, it makes you think how lucky we are in the U.S. People helping one another. The German people helping the Jewish people. Great book.
