Chapters do not correspond with the 2012 or 2010 text book. Questions aren't written as well as questions in the text book and Interactive Reader (both of which I LOVE). I only spent \$4 or I would return it, but I don't recommend purchasing it.

I ordered the book for my soon and so far it is far exceeding my expectations, i could not help him without it.

Very frustrated that the entire first unit is missing! So pages 1-21!!!!

Need teacher edition for answers to study guide. Unable to find it.

The book came in perfect condition, the only trouble is trying to get my daughter to use it. But the book itself is a great supplement to the text.

Great

Fun biology

GREAT I LOVE THIS PRODUCT WILL BUY AGAIN.
