Cursive Handwriting Workbook For Girls

Synopsis

Updated June 23, 2014 (see the Note for Parents at the bottom of this description): Cursive Handwriting Workbook for Girls is designed to inspire girls' interest in learning and practicing cursive handwriting. Girls enjoy reading girlish phrases like "slumber party" or "share a friendship bracelet" and inspirational or motivational sentences like, "Beauty comes from within," or "Our generation is ready to change the world." Exercises like these help to make learning fun, whether in the classroom or at home. This workbook focuses on writing phrases and sentences in cursive in three parts: Part 1 has mostly short phrases. Students copy and trace the words. The phrases become longer in Part 2. There are a couple of sentences and shorter phrases in Part 2, also, such that the transitions are not too abrupt. Students copy and trace the words. Part 3 advances onto sentences. At this stage, there is no tracing. May your students or children improve their handwriting skills and enjoy reading and writing these girlish phrases and sentences. Note for Parents: The goal of this workbook was to make handwriting an enjoyable, relatable experience, while doing so in a way that is overall highly positive. Another goal was to also appeal to both younger and older students, as many tweens and teens are just beginning to learn cursive on their own as this skill has been removed from the curriculum. In our original attempt to reach both older and younger students, a few parents suggested changing some phrases such as "don't bug me" and "pouty lips." The updated edition has replaced dozens of phrases (identified by concerned parents), making the book even more positive and suitable for both younger and older girls. Following are several examples of the highly positive nature of this workbook: Team spirit. World peace. Give a compliment. Love the little things. Save the earth - recycle. Always believe in yourself. Everyone is good at something.

I was so excited to offer my girls some fun phrases for handwriting practice. Although there are many fun, there are also phrases that I am not eager for my girls to copy. Here are a few that I was not overly eager for my girls to be practicing repeatedly: Drama Queen!, Don't bug me!, Pout-y lips, Positive energy, Magic spells, I hugged a zombie, What's in it for me?, Run with the zombies, I am my own favorite idol, The magic of wizardry, A vampire kissed me, I really love vampires, Where's my broom, Frown, cry and pout. So you get it, this would maybe be appropriate for a teen, but I think most learning cursive are far younger than that. I only flipped through less than half the book and caught those phrases. Who knows what else is in there. Honestly, I don't care to find out. This will be shipping back tomorrow. Though there were many ok phrases, this book just isn't for us.

SO sad that they're not teaching cursive in this day and age. My 10-year-old needed to sign her name, and had no clue. Her grandmother writes letters, and the kids can't read them. It's about to be a lost art unless we take this into our homes. Cute book with adorable sentences. There's a boy version too.

Since they are not teaching cursive in school now, our granddaughter wanted to learn cursive in a fun way. She was very excited to receive this workbook recently. The phrases are fun and pre-teen oriented.

My granddaughter absolutely loves this book! She is in fourth grade and her public school does not require them to learn cursive. She is learning on her own. This book also came a day early.

Excellent service

Very pleased and my 9 year old loved it- it has helped tremendously

Perfect for my great niece !

I purchased this book for my granddaughter. Since schools are no longer teaching cursive writing, she wanted to learn cursive anyway. She loves this workbook and I think it is perfect for teaching her cursive.

My 11 year old daughter who hates to write loves this to practice her penmanship. All the kids at school want one, too.
