Product Dimensions: 4.8 x 0.5 x 10 inches

Shipping Weight: 6.4 ounces (View shipping rates and policies)

Average Customer Review: 4.0 out of 5 stars 11 customer reviews

Best Sellers Rank: #366,690 in Books (See Top 100 in Books) #30 in Books > Travel > Europe > Germany > Berlin

Customer Reviews

This isn't a little put-in-your-pocket map for the casual visitor. What it is, is a big fold-out map of the ENTIRE CITY, some 30+ miles across, including the interesting outlying districts (e.g., Spandau, Wannsee, Pankow, Koepenick). Needless to say, you would really want to consult it at home or in a hotel room--moreover, since to cover this vast area the map is printed on both sides of fairly thin paper, you have to be much more careful in handling it than with a small laminated map. But then it provides a vast amount of up-to-date detail on streets, S-bahn & U-bahn lines (clearly depicted), lakes, rivers, canals, sights of interest everywhere--and it comes with an extensive street index, along with an explanation of the map symbols in English, German, Italian, etc. Overall it's a very good buy for the more knowledgeable visitor--who can find even more detailed info online at google.de/maps or berlin.de.

This map of Berlin is truly excellent! It is printed on heavy paper all color coded and folded nicely in a folder provided by Michelin. The map is permanently attached to the folder. The different sections of Berlin and immediate suburban areas are all laid out in clear German. The map has been fully

updated and street names, which changed frequently in Berlin, seem to be all extremely up to date. In addition, Michelin has all the streets and major sites or areas or public squares or monuments marked clearly on their map. All streets and points of interest are listed in the highly detailed cross referencing and indexing information that Michelin provides with this map. The map also contains clear and distinct elucidation of Berlin's extensive and excellent Metro system which is used by everyone in the City. This map is highly recommended and extremely well charted. It is truly excellence in cartography. The map is every bit up to Michelin's most exacting standards. A visitor could not go wrong with this map in Berlin.

Visiting and navigating Berlin can be difficult unless one is using organized professional tours. However, if one is willing exploring this vibrant city can be great fun and quite enjoyable as you will find and see things others would not, especially the many neighborhood cafes and restaurants that offer excellent traditional German and ethnic foods. This map is almost too detailed, but, enables you to find your way around and locates the many specific sites that you would want to see.

I wanted a very detailed map of Berlin rather than the standard tourist map that covers only the center of the city and the most prominent streets. This is big and unwieldy, but for my purposes--reading about Berlin history--it's ideal.

Easy to use. Laminated

What one expects.

The map was not as high a resolution as I thought it would be.

This is a good map and we will use it soon and it is big enough to see all the sights.
