Local Anesthesia Of The Oral Cavity

Synopsis

Expertly authored and well illustrated, this new text/reference includes topics on local anaesthetic and vasoconstrictor pharmacology, complications and side effects of oral regional anesthesia and the actual techniques of local anesthesia. Chapters on local anesthetic toxicity and electrical anesthesia are also included. Each chapter contains learning objectives and review questions to reinforce the important information.

Customer Reviews

Old book, but very simple and easy to understand with very clear pictures and diagrams.
