Joanna Rios and Jose Fernandez Torres have been teaching medical Spanish for more than 25 years. Their workshops are accredited by the American Medical Association, the American College of Emergency Physicians, the American Association of Family Physicians, and the American Academy of Nurse Practitioners.

Superb resource for learning medical Spanish - very thorough - gives verb conjugations, tenses, and lots of practice exercises.

Ordered the full price new version. Did not come with anything advertised. Only received book.

Well organized and professionally presented. I plan to use it in my Medical Spanish class.

This is a fantastic book. Imagine taking Spanish in high school, but through the context of health care. It has it all and sequences how you likely sequenced Spanish in HS.

very user friendly and starts on a very beginner level

In the Kindle Version of the book you cannot see lesson vocabulary, because the font is too small and zoom function cannot enlarge it enough. I guess best solution is to get a paper version.

I like the book. I have the Kindle version but I bought the book new to get the flash cards and internet companion but I only received the book.

The book came in perfect condition, and so far is just what I was looking for.
