I've bought this book four times now for friends and family well worth the read

I'm not an avid comic reader by any means but I got turned onto this series by chance when reading Heavy Metal at a bookstore. Really love the crazy goth themes, the artwork is amazing. This is one series I plan on collecting.

Fabulous comic book. A must have.

I first read this series in Heavy Metal magazine in 2004. I love it! The artwork is so well done and it store line is very well put together. It's just a really great series.

This is hands down one of my favorite things ever. The depth, the character development, the soul-wrenching pain and horror. Everything about this story is absolutely amazing in my eyes. It's beautiful, it's intricate and sexy, and it's a very refreshing reminder that the Vampire is a monster.

Great artwork wonderful details, be warned it is a little graphic; but what vampire story isn't? It is also a nice detour from the "regular" vampire novels.

thank you

everything about this book screams perfect in more ways than one. connecting with historical figures a man trying to hold on to honor and love in a perverted world, i got like 3 days ago and i've already read 3 times, a must read if your not into comics start now.
