Customer Reviews

For more than 150 years, in print and now online, Merriam-Webster has been America's leading and most-trusted provider of language information. All Merriam-Webster products and services are backed by the largest team of professional dictionary editors and writers in America, and one of the largest in the world.

Love these for my middle school ESL students. The dictionaries easily fit into their binders so that they are able to look up words they don't understand in other classes. A large dictionary would be cumbersome for them to carry from class to class, and potentially embarrassing to use.

Learning Spanish is taking me a long time. I have not had the time to study hard, so when listening to sermons, I use this large format dictionary to fill in the blanks unobtrusively. Having just enough common words in it makes it quick and easy to look them up. I know a lot of Spanish, but before I got this reference I was often unable to follow the pastor well enough to answer questions after the

service. Now he knows I'm really listening!

Perfect for my son's note book for school.

Perfect for my middle schooler. She came home with a B in Spanish because words were spelled wrong on her first test. This pocket dictionary is exactly what she needed and she uses it constantly. It has 3 ring binder holes so it lives in the back of her notebook and it's always handy at homework time. Good design. Pages are a little flimsy and easily torn, so I would not recommend use by kids under 10.

Very useful!

just what my daughter needed for school
