Customer Reviews

I checked out this collection from the library numerous times before I finally looked for a copy for myself. In high school I only knew a couple composers/songwriters, and Gershwin was my favorite. After majoring in music, he is still my favorite. --Satisfying, accessible accompaniments.

Good collection -- great selection of songs in singable keys. The accompaniments are not difficult but are harder than beginner level.

Wonderful collection. Great arrangements.

I guess I should have asked, but I read all the reviews and no mention was made that this is for the "beginning" piano player. I'm not "concert" talent but this is for someone just beginning.....say two/three years.....(think, "big notes")so.....I was disappointed. If you're just looking for vocal/guitar music, this might fill the bill.I returned the book and was given full credit. Nice to deal with an understanding seller.

Collected here are many of the true standards, the true classical works of American song. These are the songs played through the Muzak, the songs at the background of so much of American life and experience. I confess to walking and singing many of these songs as I go. There is a special spirit in them, a spirit of youth and yes a spirit of American optimism and freedom. Even the songs of disappointed love have in them a kind of optimism given by what might be called the 'elegance and tenderness of their beauty'. I have never read or heard a real analysis of 'Summertime' and 'Embraceable you' or 'I got rhythm' or 'It Ain't Necessarily so' but my sense the vitality, the vibrancy of youth is at the heart of these songs. And then too a real sympathy with suffering.

Book arrived in timely fashion, was in excellent condition, and at a very reasonable price, all as advertised. I'm very happy with this purchase.

Ordinary arrangements, fine song selection, pretty inexpensive. This one gets to four stars because it's the only collection with the finale to Porgy & Bess, "Oh Lawd I'm On My Way," in Piano / Vocal format with chords. Better collection is the Albert Sirmay-edited "George & Ira Gershwin Songbook."

I think this is a good book for beginning//intermediate adults. There are songs at many levels and they are of course, great songs!
