Customer Reviews

Founded in 1947, Hal Leonard Corporation has become the worlds largest print music publisher, representing some of the greatest songwriters and artists of all time. We are proud to publish titles of interest to all musicians as well as music lovers, from songbooks and instructional titles to artist biographies and instrument price guides to books about the music industry and all the performing arts.

Got this for my daughter - she's had lessons for almost two years (but is only 7 1/2). As written, it's a little too hard for her on the piano, but she can easily play the melody line. She surprised my by using it more for singing. She loved that she had all the words to her favorite songs and has carried it all over the place to sing. She also loves when I play the pieces and she can sing along. Because it's very easy for me, it requires no practice and has been a fun mother/daughter thing to do.

I bought this book for my son. The score on this book is so simple and occupies too much paper.

Let me see, the song: "So Long Farewell" is not very long, but it took five sheets to finish. These are

simple as you can get for piano playing. On the Alfred's books, this song would probbaly fill one sheet only. Too much page turning for me. Music is great though. However, they screwed on that too. There are notes that do not belong and you find yourself re-writing some of the scores. I'd like to trade for one that is better written.

This booklet is wonderful for beginners; unfortunately, for players who are intermediates or experts, it's somewhat boring. Only the simplest notes are given; no flourishes, trills, or optional notes.

This is a very good music book for novice piano players who enjoy the "Sound of Music", have achieved competence in Level 1 playing and are looking for something more challenging. Some of the songs have very simple arrangements; some are more complicated regarding chords, sharps and flats, but all are accessible and advance the student's skills while providing a pleasurable learning experience.

I absolutely love all the songs from this movie. I am not a super experienced piano player. I love that I am able to play these songs and enjoy them. The best thing is that they all make it sound like I'm very good at playing! hee hee. My son who is 11 also has enjoyed playing these song very much too.

All the favorites from the production. This songbook is for beginning piano. Anyone (age six on up) who has completed Thompson's Grade One Piano Instruction could play any of these songs with ease.

This could have been much more interesting but it was kind of dry and slow moving. Too bad since Rogers was such a wonderful influence in this world with music and entertainment. It is worth reading, however just to get some insight into his life and the incredible talent he had to write music.

I recently started playing flute again (It'd been 40 years (!) since I played). I loved the movie & it's neat to play the songs with the CD.
