We have tried most of the recipes in the book and they have all been very yummy. My daughter loves cooking from this cookbook.

Hello Kitty Baking Book
Not exactly what I thought it was going to be. I really thought this book would spend more time on how to actually make the Hello Kitty design part & add it to pies, cakes, etc. you are baking. It covers a little bit of that, but not as much as I hoped it would. Instead it is a recipe

book. It starts with "key ingredients" & "baking equipment" then "decorating equipment". The first recipe is for "Hello Kitty Sugar Icing Cookies with Royal Icing." It gives instructions for how to decorate, but one of the instructions says to use "Cookie cutters to cut out shapes". Which means basically you buy Hello kitty cookie cutters, use the recipe & instructions for frosting the cookies. There are other recipes, then near the end of the book, it gives instructions on "piping, rope borders" "shell borders" "basket weave design". Also toward the end of the book (nicest thing in my opinion) is that there are some "Hello Kitty" templates (including keroppi, my melody, badtz-maru, hello kitty, hello kitty's bow & my personal favorite... Chococat.). Mainly it looks like those would be useful for the brownie recipe where confectioners sugar is used with a template to put an image of hello kitty on the brownies. There is also baking math for converting American measurements & metric back & forth. On the bottom of most every page there are tips to use when making items. It's not a large book but it is not tiny either. Here at I did pay less than the cover price of \$14.95 US / \$16.95 CAN. I love Hello Kitty, but the cover price seems to be too much in my personal opinion. Had I have spent that much, I would have sent it back for a refund. I feel \$10 is an appropriate price for this book & what it is. Since I can not give 3.5 stars like I want, and considering I paid about half of the US cover price I will give it four stars.

Excited to gift this cookbook to a young teen who loves Hello Kitty and wants to learn how to bake.

It's a fun and cute book! There are templates for Hello Kitty, Keroppi, My Melody, Chococat, and Badtz maru. It has useful tips for making the character shapes and assembling. I haven't tried any of the recipe, so I can't really speak to that. Since some recipes are common baked goods (e.g. cupcakes, brownies), but made with hello kitty decoration, I feel they are not really an original creation. Not that they should not be included, not at all, but I guess I was expecting more of the original recipes along with them.

Must have for the Hello Kitty fan!!

I love anything that is hello kitty or my melody, so I had to buy this when I saw it and I am glad that I did! The recipes in here are so good! I love making them!

Love it, Love it, easy to follow. I made the cupcakes with the Hello Kitty face on them and the guess love them. The guess were asking for more. Thank you

Loved this book
