The Complete Ukulele Method -- Beginning Ukulele (Book, DVD & Online Audio & Video) (Complete Method)

Synopsis

Perfect for beginning ukulelists as well as players who want to enhance their knowledge, this book and video teaches everything you need to know to get started on the ukulele, including chords, strumming, picking, basic music theory, and reading tablature (TAB) and standard music notation. Guitarists wanting to expand their musical horizons will also find this to be the perfect introduction to playing the ukulele. The book features lots of fun songs in a variety of styles, including rock, blues, Hawaiian, fiddle tunes, and fingerstyle. The companion video, on DVD and online, features friendly, easy-to-understand explanations and demonstrations by GRAMMY® Award-winning ukulelist Daniel Ho. With practice tips and other important advice for the beginning ukulelist, *Beginning Ukulele* is the most thorough method available for beginning ukulele students.

Customer Reviews

This book and the accompanying DVD are a great resource for those wanting to learn to play the ukulele. This book will take you from the very basics of first starting to play to the point of being able to make some pretty good music. It introduces you to a variety of styles and techniques, as well as to basic music theory. I would recommend this book to anyone from a complete beginner to someone who has been playing for a while but wants to become more technically proficient or expand their capabilities.

Very hard to follow the video with the book, and the chapters are numbered different. It moves along quickly, but the pause option helps. As a beginner I found this frustrating. Though, he is awesome and in time I hope to go back and figure it all out.

This is an excellent book and DVD combo. I am a rash beginner and this book has been very helpful. I would recommend it. It is quite in depth and better than some of the other beginner books I have. I do think it helps to have some musical background and experience playing uke. I would not have it be your only introductory material. Once I work through this, I will probably buy the next level.

It is a good book for beginners and early intermediate. Don't forget to watch the DVD. Highly recommended for someone who loves playing uke.

Good basic Uke book. Good explanations with CD examples recorded.

very easy to understand and follow will be great tool in learning to play

This is a great book, great for a beginner. Has some really good songs in it. Order arrived in great shape and on time. Thank You

I'm still at the beginning of the book. But it seems very good!
