Photography > Music > Theory, Composition & Performance > Techniques

Customer Reviews

I ordered this book and cd with a few other ones from different teachers on . but found out that this was by far the easiest for me. not knowing any thing about playing harp i have gone in a matter of a couple of weeks to something that still amazes me.dont get me wrong im not saying im even a half decent player, but always thinking i had no kind of musical bone in my body to being able to play songs and start on some blues is amazing to me.david harp makes learning easy and fun.
