Customer Reviews

The kindle voice for added narrative is not easy to listen to. It sounds robotic and choppy. I expected this book to have suggestions and explanations for recruiting to my business. The book starts off very basic in my opinion reviewing what network marketing and mlm are, and seems to be more of a

support book then a suggestion book.

After having the opportunity to hear Mary Christensen speak at a convention I had attended, I was thrilled to find her books on at such an amazing price! I had no idea that she had several books available. I ended up purchasing three of her books. I am still in the process of reading all the great information inside each book. I definitely recommend anyone in the direct selling business to purchase her books and apply her advise to help make your business succeed.

I am a new consultant of a ground-floor direct sales party plan company (gameladyverlina dot simplyfun dot com) and want to take advantage of this opportunity. I have purchased quite a few books recently on network marketing, party plan ideas, direct sales, mlm... and this one Be a Recruiting Super Star is one that I am SO glad that I did purchase. It gives many ideas, plans, words, and help to encourage you to build a downline- which is so important if you are wanting to work smarter and not harder! I have recruited two people in two months and have two other prospects that I am working with. It might be a slow start, but at least it's a start! This book gives many ideas with step by step help - including some wording scenarios to learn from. It gives great ideas on where to find recruits from outside of family, friends, parties and customers... AND ideas on how to reach them. Other books give you a list of people to contact, like your hairdresser or doctor or banker, but not how to attract them- this book is great with the help on what to do. I recommend this book and it is one I plan on having available for my recruits to read so that they can catch the vision too and build themselves a great downline! Party On!-GameLady VerlinaSimplyFun

I LOVE Mary! I had the opportunity to hear her speak at our Director Retreat and she is an absolutely fabulous woman! A real peach of a gal! She has great ideas, is super relatable and really hits the nail on the head when it comes to business practices. I might be biased though because she kept calling me Pinkie because of my hair. :) No really she is GREAT! Download her IMAWOT app and buy all of her books! You will be so glad you did!

Well written. Easy to understand and easy to follow what she has in mind. Makes it all very doable.

Mary's book is one that I highly recommend if you are trying to build an empire in network marketing! Easy to read and easy to follow, her tips make sense for beginners in the field as well as

for people who have been doing it for a long time. This book, and her "Be a Network Marketing Superstar" are two books that cover almost everything you need to know about the business! Well worth your money, especially if you're new!

Such a great book to help you launch your independent business career!

Good book. Great info. I sell with a networking company and a lot of this I knew but still good info.
