# Corduroy Goes To The Beach

## **Synopsis**

Corduroy and his friends are heading to the beach for a fun-filled day of playing by the sea. First they jump over the waves and fly kites, then it's time for a tasty picnic lunch and a special treat—ice cream! In the afternoon, Corduroy and his pals collect seashells and build sandcastles. Seven spreads filled with thirty-five flaps will keep small fingers happily busy.

B.G. Hennessy grew up in Wantagh on Long Island, NY. At the University of Wisconsin in Madison, she majored in fine art and learned how to design, print and bind handmade books. She also took courses in Children's Literature. The combination of form and content in the picture book format fascinated her and after graduation she headed for NYC where she worked for 17 years in children's book publishing as a designer and art director. She is the author of *Road Builders* and *The First Night*, as well as many books starring Corduroy, the loveable toy bear created by Don Freeman. She now lives with her family in Arizona.

We love the Curduroy Lift the Flap books, they are some of my daughter's favorites to read! This book was in great condition, even though I had gotten a used version.

Cute lift the flap story, nothing special. But keep in mind this is NOT an original Corduroy story. Corduroy has apparently left Lisa to buy his own home with a rag tag group of stuffed animals. I miss Lisa in the stories. I miss Corduroy's old face too... guess he is big time now and had work done. Does not live up to the original Corduroy books.

Is an Easter gift for my grandson!

This arrived in a timely fashion. Upon receiving it, I was disappointed that the book was not written by the original author but that was my oversight. The book is interesting and has little flaps that a child can open and close to discover what is hidden beneath.

Such a cute book! My son loves all of the corduroy books, just as much as I love reading them to him. The lift the flaps make for a fun way to be involved and we just love the beach- so this one is one of his favorites!

great!

This was purchased and shipped to my grandson who is a super big Corduroy fan. I know he has been enjoying it immensely with the help of his Mom and Dad. He has about five other Corduroy books in his library and I'll eventually get the rest for him. Lucky Boy!

He has fun with everything he does and always manages an happy ending. This particular adventure is particularly appropriate for our granddaughter who lives in Florida as she goes to the beach on weekends. I would recommend this to anyone with small children and especially if they are taking a beach trip.
