Macroeconomics (9th Edition)

Synopsis

For courses in Intermediate Macroeconomics. **A Unified Approach to Economic Theory** Demonstrating a balanced treatment of both classical and Keynesian economics, **Macroeconomics** presents macroeconomic theory in a big-picture way. Comprehensive coverage makes it easy for readers to analyze real macroeconomic data used by policy makers and researchers. This text uses a unified approach based on a single economics model that provides readers with a clear understanding of macroeconomics and its classical and Keynesian assumptions. The Ninth Edition features new applications, boxes, and problems throughout and reflects recent events and developments in the field in light of recent crises in the United States and Europe. **Also available** with MyEconLab MyEconLab is an online homework, tutorial, and assessment program designed to work with this text to engage students and improve results. Within its structured environment, students practice what they learn, test their understanding, and pursue a personalized study plan that helps them better absorb course material and understand difficult concepts. **Note:** You are purchasing a standalone product; MyLab[®] & Mastering[®] does not come packaged with this content. Students, if interested in purchasing this title with MyLab & Mastering, ask your instructor for the correct package ISBN and Course ID. Instructors, contact your Pearson representative for more information. **If you would like to purchase both the physical text and MyLab & Mastering, search for:** 0134467221 / 9780134467221 **Macroeconomics Plus MyEconLab with Pearson eText -- Access Card Package** **Package consists of:** 0134143183 / 9780134143187 **MyEconLab with Pearson eText -- Access Card -- for Macroeconomics** 0134167392 / 9780134167398 **Macroeconomics**

Andrew B. Abel The Wharton School of the University of Pennsylvania Â Ronald A. Rosenfeld Professor of Finance at The Wharton School and professor of economics at the University of Pennsylvania, Andrew Abel received his A.B. summa cum laude from Princeton University and his Ph.D. from the Massachusetts Institute of Technology. Â He began his teaching career at the University of Chicago and Harvard University and has held visiting appointments at both Tel Aviv University and The Hebrew University of Jerusalem. Â A prolific researcher, Abel has published extensively on fiscal policy, capital formation, monetary policy, asset pricing, and Social Securityâ as well as serving on the editorial boards of numerous journals. He has been honored as an Alfred P. Sloan Fellow, a Fellow of the Econometric Society, and a recipient of the John Kenneth Galbraith Award for teaching excellence. Abel has served as a visiting scholar at the Federal Reserve Bank of Philadelphia, as a member of the Panel of Economic Advisers at the Congressional Budget Office, and as a member of the Technical Advisory Panel on Assumptions and Methods for the Social Security Advisory Board. He is also a Research Associate of the National Bureau of Economic Research and a member of the Advisory Board of the Carnegie-Rochesterâ NYU Conference Series. Â Ben S. Bernanke Brookings Institution Â Ben Bernanke is currently Distinguished Fellow in Residence with the Economic Studies Program at the Brookings Institution. From February 2006 to January 2014, he was Chairman of the Board of Governors of the Federal Reserve System. Before that, he served as Chair of the Presidentâ s Council of Economic Advisors from June 2005 to January 2006 and was a Governor of the Federal Reserve System from August 2002 to June 2005. Prior to his work in public service, he was the Howard Harrison and Gabrielle Snyder Beck Professor of Economics and Public Affairs at Princeton University. He received his B.A. in economics from Harvard University summa cum laudeâ capturing both the Allyn Young Prize for best Harvard undergraduate economics thesis and the John H. Williams prize for outstanding senior in the Economics Department. Like coauthor Abel, he holds a Ph.D. from the Massachusetts Institute of Technology. Â Bernanke began his career at the Stanford Graduate School of Business in 1979. In 1985 he moved to Princeton University, where he served as chair of the Economics Department from 1995 to 2002. He has twice been visiting professor at MIT and once at New York University, and has taught in undergraduate, M.B.A., M.P.A., and Ph.D. programs. He has authored more than 60 publications in macroeconomics, macroeconomic history, and finance. Â Bernanke has served as a visiting scholar and advisor to

the Federal Reserve System. He is a Guggenheim Fellow and a Fellow of the Econometric Society. He has also been variously honored as an Alfred P. Sloan Research Fellow, a Hoover Institution National Fellow, a National Science Foundation Graduate Fellow, and a Research Associate of the National Bureau of Economic Research. He has served as editor of the American Economic Review. Â Dean Croushore Robins School of Business, University of Richmond Â Dean Croushore is professor of economics and Rigsby Fellow at the University of Richmond. He received his A.B. from Ohio University and his Ph.D. from Ohio State University. Â Croushore began his career at Pennsylvania State University in 1984. After teaching for 5 years, he moved to the Federal Reserve Bank of Philadelphia, where he was vice president and economist. His duties during his 14 years at the Philadelphia Fed included heading the macroeconomics section, briefing the bankâ€™s president and board of directors on the state of the economy and advising them about formulating monetary policy, writing articles about the economy, administering two national surveys of forecasters, and researching current issues in monetary policy. In his role at the Fed, he created the Survey of Professional Forecasters (taking over the defunct ASA/NBER survey and revitalizing it) and developed the Real-Time Data Set for Macroeconomists. Â Croushore returned to academia at the University of Richmond in 2003. The focus of his research in recent years has been on forecasting and how data revisions affect monetary policy, forecasting, and macroeconomic research. Croushoreâ€™s publications include articles in many leading economics journals and a textbook on money and banking. He is associate editor of several journals and visiting scholar at the Federal Reserve Bank of Philadelphia.

Rented for CLEP Exam and the book was amazing! Not only followed the order of Instacert.com but was inline with Petersons practice exams. I read the book and was able to pass my CLEP with no prior knowledge with in 2 weeks of picking up the book.

This is an older version of Macroeconomics Roger A. Arnold. Most of my classmates purchased this textbook to save money and our professors did not mind us using an older textbook. However, this textbook has repetitive information and can definitely be condensed. Overall, the new textbook isn't repetitive and chapters are brief and straight to the point. In comparison to the new textbook, it is very similar. If you don't mind reading repetitive information over and over again you should get this.

Textbook for a class, got nice book at friendly price, shipped quickly for free

The book as listed as good condition. It was actually in poor condition. There were so many markings throughout the pages that it was difficult to read.

Its a school textbook. Everything is there, nothing is missing. You really can't expect anything more, packaging was great and the book was in excellent condition when I received it. Great purchase, thank you very much.

good textbook for macroeconomics

arrived in great shape and I am happy with my purchase!

When the professor says go to page 190, for example, the page numbers do not match. Not very efficient. Other than that, good clarity.
