Interiors: Atelier AM

Synopsis

Enter a world of interiors by Atelier AM, where classical proportions, varied finishes, and exquisite furnishings are masterfully combined, resulting in bold yet tranquil environments. A deft hand at creating interiors that mix materials, both rough-hewn and luxurious, antique and modern, marks the work of Alexandra and Michael Mischynski, the husband-and-wife team behind the Los Angeles-based firm Atelier AM. Only ten years after establishing their business, the couple has garnered a keen reputation for creating environments that are sensory experiences—visually sublime interiors enhanced with subtle, textural palettes. Seventeenth- and eighteenth-century furniture commingle with modernist pieces and ancient objects. Background colors and materials are muted and refined. Interiors Atelier AM showcases a selection of residences—each exhibiting the firm's skill at mixing furniture and objects with backgrounds such as antique flooring and Venetian plaster, with bold and modern results. Their high-profile clients include Katie Holmes and Tom Cruise and the Michael Eisners. The photography of François Halard beautifully documents each project, educating and inspiring a new generation of interior designers and connoisseurs.

Alexandra and Michael Mischynski are the team behind the renowned Los Angeles-based design firm Atelier AM. Francois Halard is an acclaimed photographer who contributes to numerous lifestyle periodicals and books. Axel Vervoordt is an antiques and art dealer in Belgium. Mayer Rus is the design and culture editor of the Los Angeles Times Magazine.

From the spare, rustic beauty of the California residence to the New York City's home with its polished, sophisticated vibe, this book offers an inspiring insight into totally elegant, contemporary living spaces. Definitely a common theme runs through all the interiors highlighted in the book but styles range so much from home to home, it is interesting to note the different moods and interpretations. This has helped educate my eye and quest toward unpretentious, elegant living.

Each photo in this book is beautifully and lovingly presented to those who appreciate uncluttered, warm, sophisticated, interesting homes. The book is an inspiration to collectors of the knowledge and respect for dignity it requires to bring us these simple, authentic, collected homes into this book. I am continuously blessed by its gifts.

Congratulations! From an industry colleague and long time admirers of your work. All the best, Mary and Michael and the f&c team

A gorgeous book! I look back at it for reference all of the time.

I ordered this for my brother for Christmas. He loves interior design. He was so excited and said that he had been wanting it all along. It came quickly and in mint condition.

A truly beautiful book. The photography is awesome.
