Customer Reviews

This is a really great advanced torts book. The notes materials are all very relevant and additive, and the case edits give you only what you need to get the ideas out of it. Awesome reading if you are interested in defamation and economic torts/

Excellent writing and authority. Great insight into the US law of torts, especially non-physical injury torts.

I bought this for my law class. It was fine. Can't say that I get excited over a law school book!
