very good

This is one of a pair of books by Johnson which gives detailed information for cruising the coast of Maine. The companion book is Cruising Guide to Maine Vol II Rockport to Eastport. The books provide an excellent set of descriptions of the various ports and their attractions including restaurants, marine supplies, fuel water etc. The books are loaded with charts that show preferred routes into tricky harbors with rocks and other obstructions clearly identified. A must for the cruising sailor who wants to explore the mysteries and splendor of the Maine coast.
