Direct with some valuable information.

Today's masters all seem to have the same style, at least according to this book! It was fine - but I would have liked to see more styles presented.

Loved this book lovely illustrations, special for me as I had the privilege of being at some of these artists's demonstrations. Very well written.

Average how to paint book. Lots of photos but hardly any help on how to produce! I sent back

Beautifully written and illustrated. I keep it on my coffee table for all my guest and family to enjoy.

I find the book very interesting - inspirational. I hope to improve my paintings by learning more from it.

Great lessons, but too many did not leave lesson plans as promised

Very informative and enlightening reading.
