Customer Reviews

Awww...my very own tiny little Bigfoot...I love it! Bigfoot comes with a cute and amusing little booklet in which you can record your adopted baby's name and pertinent details...also gives some humorous, adorable guidance for new Bigfoot parents. :) A darling little gift for a child or adult. I bought it as a gift for myself. :) He sits next to my computer with my other "Rescue-Kit" pets. I love this little guy. I will probably buy one more so that he won't be lonely. :3

If you are a Squatch fan, this little guy can make your day. Tiny and just the right size to stick in a stocking or care package. Can easily hang in a locker or sit among your other bigfoot toys. The personalized book is fun for kids who like the adopt-a-toy format.

I had purchased this toy because of a running joke between my grandfather and I. The doll was adorable and the little "adoption" booklet was as well. It had spots to write down the information (Ex: name, favorite food, etc) and also had a bit of information about him. It didn't cost very much so it

was perfect for a small joke present. The only issue I had was that it was smaller than I had anticipated. Over all, the toy was made well and the theme along with the "adoption" booklet was adorable and appropriate for all ages. I would recommend this to others.

I purchased this as a gift for a child. It's cute and funny, but very small and not very high quality. I was expecting that though, so I wasn't disappointed!

Perfect.

Just be aware of it's size. Otherwise a great item and my niece and nephew love him.

Bought it for my daughter...She loved it!! It is small, but perfect for little ones. Fun little book to enjoy everyday.

I would like to point out that the dimensions of this item are in the description. I ordered 2 for my boys. They love them! These are the perfect size for kids who like to sleep with and bring their toys along on car trips. They loved the book and have read it over and over. Great item!
