Life On Mission: Joining The Everyday Mission Of God

Synopsis

If you had a ladder made of splinters, would you stand on it? Unfortunately, the mission practices of most churches stand on weak foundations. Life on Mission gives gospel-centered, biblical, practical foundations for how missions was meant to be: an everyone-together effort. Life on Mission is a thorough yet simple guide for everyday missionaries—electricians, lawyers, church planters, students, etc.—that equips them with truths and practices for living out the gospel within their own community. Adaptable to any context, Life on Mission functions great as both an individual and small-group study. Threaded with engaging stories and probing reflection questions, Life on Mission will help you and your community take bold steps to living life on mission.

Customer Reviews

Willis and Coe give an inspiring and hopeful look into the world of everyday mission. They clearly lay out before us the challenge to reach North America and offer the gospel-centered, biblical approach to how God is going to build His church through the efforts of ordinary people. Matt Carter, pastor of preaching, Austin Stone Community Church and coauthor of The Real Win—Being on mission needs to be rerouted. It has been focused on methods and models more than shaped by the gospel, God’s mission, and the person of Jesus. Read Life on Mission and find yourself being more driven to focus your life and mission on these. Eric M. Mason, pastor of Epiphany Fellowship and author of Manhood Restored and Beat God to the Punch—God calls and equips His people to serve in very specific contexts related to how He uniquely gifts them. Work is worship,

and I realized that early in my NFL kicking career. Done in a God-honoring fashion, work screams to a dark, hurting world there is a Creator God who intends for His children to live a full, abundant life. This book challenges me to stay living “on mission” and to know that I am His handiwork created in Christ Jesus to do very specific great works He has prepared in advance for me to do. We are all “missionaries” and Aaron helps me remember God will accomplish immeasurably more in and through me than I could ever ask or imagine when I live “life on mission.”
Todd Peterson, NFL placekicker 1993–2006Chairman, Pro Athletes Outreach
We must be intentional, passionate, and strategic in mobilizing the church on mission. I am convinced that Life on Mission can help us accomplish this, resulting in accelerating our commitment to reaching our region, North America, and the world.
Ronnie Floyd, president of the Southern Baptist Convention and pastor of Cross Church, Northwest Arkansas
A compelling book that connects mission to worship and shows how one cannot really believe the gospel and not be moved into mission. This book does more than describe mission; it compels action.
J. D. Greear, pastor of The Summit Church and author of *Gospel: Recovering the Power That Made Christianity Revolutionary*
The Great Commission is not for a select, elite few. It is for the whole body of Christ. Life on Mission makes that argument and then shows us in practical, concrete ways how to join God in His mission to make His Name famous among all peoples near and far. We all have a choice, an opportunity, to be on mission no matter who we are, where we live, or what we do. So read this book with much profit. Read it and then get to work as God’s missionary in the mission field He has placed you.
Daniel L. Akin, president, Southeastern Baptist Theological Seminary
We are all called as leaders to be on mission as agents of the gospel, not just those in full-time ministry. Life on Mission defines what this looks like, how you can get there, and the good news that we all need—our lives are meant to be on mission for God! Take your next step to being on mission wherever God has placed you. Read this book!
Brad Lomenick, Author, *The Catalyst Leader* and former president and key visionary, *Catalyst*
Aaron Coe is one of the most dynamic leaders in contemporary evangelicalism.
This book is a theologically rooted and practically applied primer on how to join Jesus in his mission. I can think of no one with more personal credibility to challenge us in this way. This book can change your perspective, and maybe even your life.
Russell D. Moore, president, Southern Baptist Ethics & Religious Liberty Commission
Dustin Willis hits a simple message that profoundly changed my life. Focus on God’s agenda while you live life and you will begin to see that people all around you are lost and in need of a Savior. This book shows us the need to pray for people in our workplace, the grocery line, soccer fields, and even in our own family. Willis

and Coe provide a simple framework to love these people in a natural and friendly way that brings glory to God. This book is must-read for those that want to have purpose in their work and play. Steve Von Fange, vice president information systems, Blue Cross & Blue Shield of SCÂ Â The evangelical church in North America was not built on professional mission workers and physical church buildings. It was the Holy SpiritÂ¢â ¸s use of everyday Christians living on mission, knowing their context, and seeing opportunities to start ministries and churches that fueled the spread of the gospel. This book goes a long way in helping equip GodÂ¢â ¸s people for the work of everyday mission and ministry. Trevin Wax, managing editor of The Gospel Project, author of Gospel-Centered Teaching, Counterfeit Gospels, and Holy Subversion.

God is inviting you to join in His mission: to take all thatÂ¢â ¸s broken and make it new. This isnÂ¢â ¸t just for a select few. ItÂ¢â ¸s for the entirety of the Church. What does it actually look like? WhatÂ¢â ¸s your part in it? Find out by joining the everyday mission of God.

Yesterday's devotion at our Christian Veterinary Fellowship luncheon was about encouragement. That's exactly what this book is about . . . encouragement. Encouragement for us to grow and thrive "where we're planted", but also encouragement that we're NOT all alike and have different gifts, but are called to share the commands to "feed my sheep", "go and make disciples" (those ARE NOT encouragements . . .). I would recommend this book to anyone needing some prodding (encouragement) to act upon & live out their Christianity.

.....and then practice daily. Only God can save people but it's our responsibility to share the gospel. Sharing the gospel doesn't always mean just walking up to someone and relating the plan of salvation. Many times it starts with building that relationship with others. They don't always want to hear what you have to say about Jesus but your actions and the way you live your life many times is what helps them to see there's more to life than what they're experiencing. We also should not think this is the pastor's responsibility - not so! There are not always churches wherever you may go. Many times you build relationships with people, have Bible studies in your home, share Jesus with them and then disciple them. You just have to let God lead you. Again, a must read for all Christians.

Life on mission is a reminder that we should be intentionally investing in the kingdom of God because we are all called to make disciples and this mission field is right in front of us in our

everyday life where God has placed us in the context of our life. This book is a must read and an eye opener that challenges all believers, reminding us that we are all called to be everyday missionaries for the glory of God.

Every once in a while a book comes along that I recognize as a game changer. *Life On Mission* is one of those books for me. Sure, it looks unassuming, but the truth that unfolds in this book's pages has transformed my Christian walk from a tired, culturally depressed approach to a more intentional way of knowing how my Christian walk can and should affect my little corner of the world. This book has seriously changed the way I wake up in the morning because now I literally ask myself, "Am I ready to join the **EVERYDAY** mission of God today?" before I step out of bed. How I answer is important because it means I'll either be intentional or random in my faith that day. When I'm intentional, I look at every encounter as an opportunity to make a difference in the Kingdom. This is what it means to follow Jesus! I want to keep reading this book until it's ingrained in my heart and mind. I want my weekly Life Group to study this book and with the comments and questions at the end of each chapter, it's totally geared that way. (I LOVE it when I don't have to buy a book and a leader's guide. Thank you!)

This book communicates effectively the responsibility we have as believers. It will challenge you to begin looking at life differently. The authors give a simple, yet challenging, way to view your life as a tool God wants to use to accomplish His mission!

I highly recommend this book by Dustin Willis for leaders and their churches. The book is a clear concise handbook for every Christian who desires to fulfill his/her role as a disciple of Jesus Christ. This book clearly teaches and guides each person to be the salt and light each of us are called to be

This book is a one stop shop on practical gospel life and living! Not only does it give you the theology (indicatives) of true Christianity but also the so what (imperatives) of what it means to be a real follower of Jesus!

This book had good foundational teaching to help people be everyday missionaries. The only reason I didn't give it a 5 star was because I was expecting some practical strategies and testimonies of how people used the 3 circles strategy to share the gospel.
