Customer Reviews

“As parents who stumbled upon boarding school as a viable alternative for our daughters almost four years ago, we wish we would have had a resource such as *American Prep* to better prepare us for the process. The insights on parenting boarding school students are invaluable to all families considering or already in the process of sending a child to boarding school.” • Lia Yaffar-Pena St. Timothy’s School parent “American boarding schools are NOT what you see in the movies! They have evolved into inclusive, supportive communities while continuing to deliver the sort of academic and character-based education for which they have been renowned. Through candid descriptions of life at today’s schools, and detailed road maps through the admission and financial aid process, Ronald Mangravite provokes what will be an eye-opening revelation for many people: an American boarding school education is both extremely appealing and surprisingly accessible.” • Ian Gracey Dean of Admission & Financial Aid, Groton School “Exceptionally comprehensive, *American Prep* is both a good read to familiarize oneself with U.S. boarding schools and a detailed reference guide to draw on throughout the boarding school experience.” • Paul Sardina Culver Academy Alumnus and Parent “*American Prep* is the most comprehensive and accurate book on the American boarding school experience I have ever read. Ronald Mangravite captures the many facets of a boarding school education with remarkable clarity. Without bias or agenda, he shows why boarding schools are a powerful educational model which prepares children from all parts of society for success as adults.” Thomas Sheppard Dean of Enrollment Management, Lawrenceville School “This is a very thorough book and especially useful for international families. We have needed a book like this for decades; I wish *American Prep* would have been available when I went to school. Read it, then keep it as a reference – a treasure trove of information!” Diego Munoz-Tamayo Thacher School alumnus, Choate Rosemary Hall parent, Deerfield Academy parent “This book is so well-written it is ridiculous. The depth of thought that has gone into it is impressive; it is coming from a very centered place that will speak to the heart of any parent or child considering this particular road trip. I found it very moving as I reprocessed my own prep school ‘career’ in parallel with reading it... The examination of school costs and financial aid support is particularly illuminating.” Phil DeMuth, bestselling author, Forbes contributor, Lawrenceville alumnus “If *American Prep* had been available to us when we started our search, the road to boarding school would have been significantly less daunting. I highly recommend reading it and referencing it throughout the process.” Lisa Cloughen, Portsmouth Abbey School parent

Exceptionally specific and informative. I have friends considering prep schools for their son, and this book has been a godsend to them in helping them choose.
