This a fun, small book that lends itself well as an end of the class period filler activity. Each page is one puzzle with the answer on the back. The book has colorful illustrations and a variety of skill levels.

NOT Cryptic CROSSWORD Puzzles! It is a series of logic-type puzzles, divided into categories of difficulty. The presentation of the about 90 puzzles is quite good and very colorful. The explanations are very limited, as the book is about 4" by 5".
