This book is super cool my kids love it, the instruction are easy to follow, its exceptionally well written and has a nice range of difficulty my daughter also said that they prefer to buy the Loom

Rubber Bands - 600 Loom Band Refill Rainbow Colors Variety Value Pack with 24 Loom Bands S Clips - 100% Compatible with All Looms - because they are a better quality and the colors are super great.

I ordered these for my nieces because they are all obsessed with Rainbow Loom. Great book! Easy to read, wonderfully laid-out and the spiral side makes it easy to keep the book open to the page you're using! Highly recommend!

The spiral part of the book is great to be able to see only the page you are working on. The size of the book is great for packing into purse / bag and taking with you on trips. (8 1/2 x 5 1/2). And the book is full of new designs not seen in other rainbow loom books. The Beginner Designs include: Single Chain Bracelet, Diamond Bracelet, Diamond Ridge Bracelet, Honeycomb Bracelet, Single Rhombus Bracelet, Triangle Bracelet, Speckled Rhombus Bracelet, Diamond Trio Bracelet, Spiral Bracelet, Bead Ladder Bracelet, Triple Single Bracelet, Triple Single Backpack Tag. Intermediate Designs include: Taffy Twist Bracelet, Double Bead Ladder Bracelet, Rainbow Ladder Bracelet, Zippy Chain Bracelet, Holiday Bracelet, Liberty Twist Bracelet, Team Spirit Bracelet, Double Forward Rhombus, Double Rearward Rhombus, Tulip Tower Bracelet, Crossed Hexagon Ring, Butterfly Blossom Ring, Sweetheart Bracelet, Heart Bracelet, Serpentine Bracelet, Butterfly Blossoms Bracelet, Diamond with Rings Bracelet, Triple Single with Rings, Raindrops Bracelet, The Rectangle Bracelet, Rose Garden Bracelet, Upsy Daisy, Twisty Wistzy. Advanced Designs Include: Zig Zag Bracelet, Starfish Bracelet, Twisty Wistzy Bracelet, Ladybug Bracelet, Honey Bee Bracelet, Star Burst Bracelet, Flower Power Bracelet, Rainbow Blooms Bracelet, Rainbow Bloom Charm, Carnation Bracelet, Bird of Paradise Bracelet, Delta Wing Bracelet, Totem Pole Bracelet, Fen's Fantastic Bracelet, Feather Bracelet, Confetti Criss-Cross, Hibiscus Bracelet.

I'm surprised there are so few reviews for this book, which made me a bit skeptical, but I'm sure glad I purchased it....errrr...I mean, my 8 year old daughter is sure glad we got it! Easy to use guide that is handy & portable so I'm not constantly needing to surrender my phone/computer so my kids can watch Rainbow Loom youtube videos. Definitely a worthwhile purchase since it shows a lot of different styles to create in a simple format. Highly recommend!

I'm so pleased with this book! Very clear, concise directions on how to create over 50 different types of Rainbow Loom bracelets from beginner to advanced. The charts are excellent and easy to use

and I love the photo gallery of designs. The interactive feature of the book that takes you straight to a video by scanning with a smart phone is a great bonus feature! I've made a number of bracelets, but there are numerous designs I'd never seen, and for those designs I've already made, this book serves as a quick guide to refresh my memory. The spiral design makes it very easy to keep the book right next to your Rainbow Loom so you can follow the directions as you're looming. For the price of a Rainbow Loom kit or a few bags of bands, it is well worth it! Highly recommended!

If you're looking for a rubberband bracelet pattern book, this is the one to buy. It has detailed instructions for just about every bracelet out there from the most basic to the advanced. The instructions are clear and easy to follow. They even teach you how to read a pattern. And you don't need a smartphone to use the book. I've made three bracelets already and haven't tried to read the codes to find the videos yet. I have seen a couple of the videos, so if you can use the codes to find them they are also very clear and easy to follow. I had a chance to glance through other books before buying and I'm very glad I bought this one. Not because of instruction issues, but because this is the most complete book out there for the bracelets. I highly recommend this book!

I like the idea of following directions in a book when I can't watch YouTube videos; however this book doesn't have any picture showing what the end result looks like and that would have made this book perfect! Correction the pictures are in the front instead of with each design!!

We had debated buying a book for my 8 year old daughter, being you can watch all the videos for making the bracelets for free. But after taking 45 mins to figure out a starburst bracelet from 3 different videos we gave in and ordered this book. She loves this book and has not needed any help w/ understanding the directions. I love the lack of color direction, other than the gallery, for each bracelet as this allows her to design and create her own unique designs. I am only giving it 4 stars cause the cover ripped along the spine on the first day when it was dropped from the excitement of getting the book. It wasn't a big tear, but it would of been prevented had the cover been made of heavier material like my cookbooks.
