There's even a list of winners and losers from 1996 to 2000 and the top ten best and worst signers. Contains a wealth of information. Add it to your library.

We have gotten a lot of mileage out of this book. It's a couple years old now, so some addresses are no longer accurate, but the majority of the ones we've tried have worked for us. This book has the best layout of any celebrity address book we've ever seen. He lists the responses he received, and the time it took to get the response (if any), so that is absolutely invaluable. A worthwhile investment if you like collecting autographs.

There are so many sites listed on the internet which are available for free - why shell out almost twenty bucks for something which can never be as up to date as celebs change their agents like they change underwear! There was no rating option for 0 stars. This is also directed to every other autograph collecting address book out there....not this one in particular. Use your resources at hand before digging into your wallets :-)

While when I first purchased the book it brought me many positive results, but stars move alot and now the book is very out of date, Dont waste your money wait for his next edition.

Great scans of autographs. Nice layout. He lists everything from celebrity addresses to talent agencies!! A good book for begginers to collecting.

I SIMPLY LOVED THIS BOOK SEND OUT 2 LETTERS A NIGHT AND WATCH YOUR MAIL BOX FILL WITH AUTOGRAPHS.

Sent for 4 autographs; one was returned deceased and two were returned for expired forwarding order.

Results are what I obtained from using this book. Many times I have spent hours with no results; this book guarantees results. Thank you for such a wealth of information!
