Seriously? We have this question again about where to go or what to do? Page back in my annual reviews. I've owned this guide and every new version for over a decade. This is the single best global guide there is. Period. Sure--there is google. Try that on your next trip. LOL. I've said this several times. I've removed underwear to pack this guidebook. I never jump the globe without it (of course until the new one is released--usually April-ish each year). This is so cheap....it's under 2 drinks in any upper class global club! Have fun!!! (D. Meyer .com)Excellent Book for the Gay traveler. A Must read. (nelson .com)

This is an annual purchase for me. I still haven't been able to use the internet once I land in any city on the planet to determine what is good when/where. I've also said this before - the cost remains under 2 drinks in any global major city. For those which say "we have happy hour" - sure you do,

with cheap vodka/um, etc. But the costs will still run you close to the purchase price for any drink you actually want. Apps can only take you so far....Just buy it, you'll no longer have to wonder where to go across the globe.

The only thorough up-to date systematized coverage of gay places in the worldUnfortunately, it gets thinner and thinner every year, but that's our cyber age and gay clubs and spots becoming dinosaurs soon

The book is done in several languages that is a good selling point for the publisher but reduces the amount of useful information available in the book. I wouldn't recommend buying this guide. You can get more information on line for free.

Highly informative and useful, for many destinations I choose to go to each year....although political and social profile updates of various countries can fall behind the times.

Limited info among cities I'm familiar with, not as detailed as 5 years ago.

Excellent information provided. Only one is not good: too many ads.Thanks!

This reads like the yellow pages. No detail.

Prompt with informative information.
