Customer Reviews

This is a great must have book, best recipes made with easy to find ingredients.

I really like the cookbook but not too happy about using white sugar in some recipes.

I don't prepare the food, but many ideas inside for the people that do.

I didn't care for any of the recipes in this book. I feel like I wasted my money.

I can't wait to get busy in the kitchen and start making some wholesome food dishes and treats for work

So far I have loved this book. Not had a chance to read it thoroughly yet, but it looks good, and has new ideas for my Nutri-bullet.

It is a great book for fruit smoothies but if you want to make more just vegetable smoothies it lacks recipes

Wish there were some pictures but overall great ideas for health smoothies!
